TITLE INDEX

- Adjustment of the real interest rate to inflation, *The*, 947
- Aggregate imports and expenditure components in Italy: an econometric analysis, 957
- Analysis of labour turnover in British Railways, *An*, 1465
- Biochemical technology and Bangladeshi land productivity: Diwan and Kallianpur's analysis reapplied and critically examined, 741
- Breath testing and highway fatality rates, 901
- Capital-skill complementarity and the interregional distribution of human capital in US manufacturing, 1087
- Causes of unemployment in Finland 1970-82: some further empirical evidence, *The*, 723
- Choice of functional forms in agricultural production analysis, *On the*, 1053
- Co-integration, error correction and the Fisher effect, 1611
- Commercial electricity demand in a Central American economy, 1
- Commodity value of travel time in recreational activities, *On the*, 711
- Comparison of lag-length selection techniques in tests of Granger causality between money growth and inflation: evidence for the US, 1959-86, *A*, 809
- Consumer benefit from air quality improvements, 1099
- Consumer behaviour in Greece: an application of the almost ideal demand system, 983
- Consumption spending and output fluctuations: a multi-country study, 891
- Cost behaviour in the banking industry: evidence from a Greek commercial bank, 285
- Country studies and the value of household production, 1631
- Customized LPM risk measure for portfolio analysis, *A*, 205
- Decomposition of structural and exogenous changes, 125
- Demand for Medigap insurance by the elderly: a micro-simulation analysis, 1325
- Demand for working capital: a rejoinder, *The*, 141
- Demand for working capital: a reply, *The*, 139
- Determinants of corporate capital structure: Japanese evidence, *The*, 569
- Disaggregate model of flows onto invalidity benefit, *A*, 237
- Disaggregate supply: evidence for the UK, 1397
- Do changes in debt maturity composition affect the term structure? Some Canadian evidence, 553
- Does the public sector obey the rational expectations-permanent income hypothesis? A multi-country study of the time series properties of government expenditures, 1257
- Dynamic elasticities and flexibilities in a quarterly model of the US pork sector, 1683
- Dynamics of price-cost margins in concentrated industries, *The*, 261
- Economic analysis of fertility, market participation and marriage behaviour in recent Japan, *An*, 59
- Economic model of grocery shopping frequency, *An*, 843
- Economic performance of US Class 1 railroads: a stochastic frontier approach, 1433
- Econometric analysis of the demand for private health insurance in England and Wales, *An*, 777
- Econometric model of the world market for dry cargo freight and shipping, *An*, 339
- Econometric testing for risk averse behaviour in agriculture, 541
- Economies of scale in building societies, 1291
- Effect of environmental regulations on the efficiency utilities: 1969 versus 1975, *The*, 225
- Effect of political uncertainty on the stock market: the case of British Telecom, *The*, 881
- Effects of relative prices and effective exchange rates on trade flows of LDCs, *On the*, 1447
- Effects of the Hood River Conservation Project on electricity use and savings in single-family homes, 1021
- Effects of the joint cost of strikes on strikes in Canadian manufacturing industries—a test of the Reder-Neumann-Kennan theory, *The*, 1353
- Effects on agriculture in the United States of an oil import fee, *The*, 1647
- Empirical analysis of the intertemporal substitution hypothesis, *An*, 1109
- Empirical analysis of the macroeconomic effects of government debt: evidence from Canada, *An*, 113
- Empirical model of household automobile holdings, *An*, 35
- Empirical examination of the link between monetary policy and US agricultural commodity exports, *An*, 155
- Employment change in the small establishment sector in UK manufacturing, 251
- Endogenous regulation and the firm's regulatory expenditures, 375
- Energy-non-energy input substitution in US agriculture: some findings, 673
- Estimating efficiency in the hospital sector: a comparison of three statistical cost frontier models, 659
- Estimating the demand for energy and natural resource inputs: trade-offs in global properties, 931
- European Community GSP increased LDC exports? Has the, 823
- Examination of the necessary and sufficient conditions for market efficiency: the case of hogs, *An*, 193
- Excess demand and capacity utilization—an empirical analysis with Swiss business survey data, 1383
- Exchange rate indicators and optimal currency baskets: a macroeconomic analysis with application to developing countries, 1137
- Expectations and the adjustment of hours and employment, 487
- External shocks and fiscal deficits in a monetary model of international reserve determination: Honduras, 1960-83, 921
- Factor input in NHS hospitals, 397
- Factors underlying the employment effects of financial assistance policies, 497
- Family labour supply and labour market segmentation, 69
- First destination of new graduates: comparisons between universities, 357

- Fixed capital in linkage-based planning models, 1203
 Forecasting model for food and other expenditures, A, 1235
 Fringe benefits and the effect of tax reform, 681
 Games of survival in the US newspaper industry, 631
 Gaming tax incidence for three groups of Las Vegas gamblers, 1267
 Generalized measure of technical efficiency, A, 25
 Government expenditures and the ex ante crowding-out effect: an examination, 1420
 Government wage differentials: a sample selection approach, 427
 Household demand in China, 793
 Hysteresis explain different labour market operations between Europe and the United States?, Can, 95
 Impact of a Canada-US bilateral free trade accord on the Canadian minerals industry, 273
 Impact of a devaluation on the Maltese trade balance with special reference to the price and income reversal effects, The 325
 Income and price elasticities of demand for owner-occupied housing in the UK: evidence from pooled cross-sectional and time-series data, 761
 Intangible capital, market share and corporate strategy, 1535
 Interfuel and interfactor substitution in Ontario manufacturing, 1962-82, 1667
 Intertemporal market effect on gender earnings differentials: lawyers in Canada, 1970-80, 1011
 Male-female earnings: further evidence for Australia, 1523
 Measuring the extent of wage discrimination: a statistical test and a caveat, 515
 Migration, income and fertility in Malaysia: a simultaneous equations model with limited dependent variables, 1589
 Mobility and wage growth of male household heads, 475
 Model of UK real effective exchange rate behaviour, 1563
 Modelling companies' debt and dividend decisions with company accounts data, 1483
 Modelling price expectations, 413
 Money, income and sterilization: tests for causality in the oil economy of Kuwait, 1305
 Money, prices and stabilization policies in some developing countries, 853
 Multi-state analysis of the targeted jobs tax credit programme, 85
 Nominal and effective tariffs in a small industrializing economy: the case of Mauritius, 995
 Non-price concessions and the effect of franchise bidding schemes on cable company costs, 305
 Note on the predictive power of a simple demand-supply model of unemployment, 219
 Prescription charges, the demand for prescriptions and morbidity, 1043
 Pricing behaviour in the US automobile industry become more competitive?, Has, 295
 Price elasticity of electricity demand in South Africa, The, 1153
 Privatizing public enterprises in Bangladesh: a simulation analysis of macroeconomic impacts, 1159
 Production and cost functions of water low-temperature solar desalination, 1177
 Police cost function estimates for England and Wales, 1279
 Public deficits and private consumption: empirical evidence from small open economies, 697
 R&D, innovations, and total factor productivity growth in British manufacturing, 1549
 Rate of return to public sector agricultural R&D in the UK, 1965-80, 1063
 Rational expectations, risk and efficiency in the London Metal Exchange: an empirical analysis, 143
 Relation of firm size, security analysis bias, and neglect, 19
 Relative efficiency of slave agriculture: an application of stochastic production frontier, 587
 Review - Data-FIT. An interactive econometric software package. M. Hashem Pesaran and Bahram Pesaran, 567
 Risk-return relation at the firm and industry level: an empirical analysis using Belgian accounting data, 913
 Seasonal, cyclical and secular stability of Canadian aggregate demand for merchandise imports, 1957-82, 449
 Some observations on the efficiency of British postal pricing, 461
 Specifying and evaluating aggregate monthly natural-gas demand by households, 1369
 Stage-of-fabrication inventory behaviour: a general target-adjustment model, 175
 Supplier-induced demand: a disequilibrium test, 597
 Survey non-response in relation to ability and family background: structure and effects on estimated earnings functions, 387
 Technical efficiency within hospitals: do profit incentives matter?, 1217
 Testing for the long run relationship between nominal interest rates and inflation using cointegration techniques, 439
 'Thirlwall's Law' and balance of payments constrained growth - a comment on the debate, 611
 Time series estimates of tariff incidence, 1191
 Transmission of US income disturbances to Canada under fixed exchange rates, The, 867
 Truncated income multipliers and local income generation over time, 1621
 UK's demand for money and the choice of the appropriate scale variable and interest rate: an application of non-nested tests, The, 973
 UK labour market: expectations and disequilibrium, The, 1509
 Unemployment, participation rates and unemployment legislation between the wars, 1341
 US demand for cocoa: explaining the apparent insignificance of income growth, The, 1421
 Variability of the replacement investment capital stock ratio: some evidence from money, On the, 1129
 Wage indexation, openness and inflation uncertainty. The case of Italy, 651
